ONTARIO MINOR HOCKEY ASSOCIATION **MIDGET PILOT PROJECT**

The focus of the OMHA Midget Pilot Project is to encourage the retention of current midget-aged players by providing opportunities in a positive environment with an emphasis on safety and competitive balance.

OHF Major Midget AAA Pilot

In March of 2013, the OHF approved a Major Midget AAA Pilot for the 2013-2014 and 2014-2015 seasons which sought to evaluate the positives and negatives of greater movement at the Major Midget AAA level. This pilot has been extended into the 2015-2016 season.

OMHA Midget – Pilot Project

The OMHA Midget Pilot Project addresses circumstances when an OMHA Centre does not have sufficient players to roster a Midget Team in a Representative base category AA and below. This Pilot is a two-year project commencing the 2015-2016 hockey season.

Seasonal Structure

- Regular season league schedule will consist of a maximum of twenty-four (24) games
- Regular season league schedule will commence no earlier than October 8th, 2015 (start date for 2016 to be determined).
